

T A B A T A

NOTES

1. Water shall be furnished by individual wells complying with Health Department Standards prior to issuance of a building permit.
2. Minimum standards required by local fire authority relating to water supply for fire purposes and access roads for fire equipment shall be met prior to final building approval and occupancy.
3. Prior to the issuance of a building permit the Building Inspection Division will require a soils report based on minimum subsurface investigation.
4. Any utilities or service connections are to be installed underground per Environmental Management Agency standards.
5. An encroachment permit or construction permit for the construction of a County standard driveway connection to Walter Bretton Drive or ingress & egress easement will be required prior to the issuance of a building permit.
